16:50 - 17:00 (SGT), 10:50 - 11:00 (CET)

ABOUT THE WORKSHOP:

SMI and RISE are entering a MOU to foster a deeper collaboration in research and innovation focused on the transport and maritime industries. In the light of this emerging collaboration, SMI and RISE gather colleagues to the agenda of joint efforts. During this workshop subject matter experts from SMI, SMI partners, and RISE will identify applicational areas of collaboration, especially those that may be empowered by digitalization.
